## Population Statistics

Total Projected 2009 Population.....178,204<sup>1</sup>  
 Population Growth, 2000 to 2008.....17.1%<sup>1</sup> Percentage Municipal Population....50%<sup>2</sup>

What is the impact of poverty in the 34 counties served by the Food Bank of Central and Eastern North Carolina? A higher infant mortality rate, children who can't learn in school because they are hungry, adults who die before their time because they eat cheaper, high fat foods instead of healthier, often more costly options, and frail elders who make do with a can of beans because they can't afford their medication and food, too.

Federal poverty guidelines do not cover today's cost of living; they simply provide a baseline means of existence with a very real risk of hunger. A single person with an income of \$10,000 or less or a family of four with an income of \$21,000 or less annually meet the criteria for poverty. On these incomes, hunger becomes more than a risk...it often becomes a reality. The Food Bank helps these folks, who are at risk of hunger every day.
